

Telling Our Story

Below is the current legislative calendar. The General Assembly dates are not set in stone. In fact, communication from Speaker Tillis' office indicates they may fast track the budget even further. What follows this calendar is the action plan for all local partnerships. At the ED Forum, local partnerships indicated a need for specific steps that they could take between now and the end of the session. The steps highlighted are a starting point—meaning every partnership needs to engage in these activities, but is certainly not limited to them.

Remember that according Smart Start Cost Principles, you cannot use state funds or equipment paid with state funds to for any lobbying activities.

Call-in Days

Each partnership would participate one time per month (via their regional assignment). The idea is to get as many people calling in to the offices of the HHS House and Senate Chairs, the House and Senate Appropriations Chairs, the Speaker, and the President Pro-Tem. (Note: This list will be updated as events warrant.) This can be achieved in a number of ways. For example, board members could host open houses and have their networks to stop by and call. Remember that you cannot use state funds or equipment paid with state funds to implement.

Goal: 50 callers per partnership

Comment on Articles

Most online newspapers allow for comments on news articles. To date, most of these comments have been quite negative. We need as many positive comments posted as possible. Partnerships will be assigned a week. During that week, use the In the News emails sent by NCPC and comment on all articles included. Encourage others to comment as well.

Goal: 10 comments per article

Letter Writing Campaign

Download testimonial postcards from Smart Net and take to all programs with parents. Ask parents to handwrite a note to their legislator telling them what Smart Start means to them and asking them to preserve Smart Start. Cards can be copied to get sent to each member of the district delegation. Mail postcards to legislators. Remember that you cannot use state funds or equipment paid with state funds to implement.

Goal: 100 postcards per partnership

	Week of March 21 West (16 partnerships)		
	Week of March 28	Mid-West (24 partnerships)	
	Week of April 3 Mid-East (23 partnerships)		

Legislative Breakfast

A few partnerships have organized community meetings with their legislators. Invite your delegation to the partnership. Bring in the following people to participate: at least one child care provider, three families, one business person, local elected officials (mayor, county councilmember, etc.). If you share legislators, work together to organize. Remember that you cannot use state funds or equipment paid with state funds to implement.

Goal: Every partnership participates

Child Care Outreach

NCPC has developed a flyer to be distributed to child care programs in your county. These flyers also can be distributed during parent programs. It is essential that we use these flyers to engage parents as grassroots group of supporters. The flyer can be downloaded from Smart Net. Add your members of the General Assembly along with their contact information to the back side. Remember that you cannot use state funds or equipment paid with state funds to implement.

Goal: Every partnership participates

Editorial Board Meeting

Meet with the editorial board of local paper by March 18. Goal is to have an editorial calling on legislators to preserve Smart Start. Use the following data to make your case: Children_Accountability_Jobs Talking Points, Evaluation Fact Sheet, and localized impact Fact Sheet.

Goal: One supporting editorial in every paper listed below.
