RE: Wayne County Primary Elections

Dear Judge Brantley,

The Wayne County Board of Elections wishes to offer our most sincere apology for the negative experience that you encountered while engaging in the election process on Primary Election day.

We were informed that poll workers assigned to the Wayne Center failed to properly retrieve your name, as well as your wife's name, from registration files available for that purpose. Since there was a Chief Judge as well as two other judges on site, the worker at that desk should have consulted with the judges for assistance. In addition we had a dedicated line at that location that fed directly to the board of election's office available when issues arose that couldn't be handled on site.

While experiencing some initial problems during setup, we offer no excuses, but commit ourselves to thoroughly reviewing the complaint received and initiating corrective action through additional training and poll worker selection. We will also review the training program and make any additions necessary.

It is our desire that the citizens of Wayne County get the proper services and enjoy a positive impression regarding the election process and those people who have the responsibility for delivery of services.

Again, our apology and thanks for the valuable information provided.

Sincerely,

Joseph H. Lofton, Chairman
