<input checked="" type="checkbox"/>	Other: (describe) When voted for the seat that has vote for two – he voted for the second candidate and it switch to the first candidate.

Full description of the incident: (completed by person reporting the incident)

Machine 2nd from back at double doors. Mr Arrington said when voted in Category voting for two candidates, he voted for the 2nd candidate and it gave the first candidate a vote. Ask for help from a worker for help (a short lady) it done the same thing with the worker. She showed him what button to correct his mistake and it worked. I think the worker was Cherrie Franklin. I spoke to her 11/3/12 at the office.

Response to the incident at the precinct: (completed by person taking report)

Mr Arrington told me (Marlene Ferguson) that he just wanted to let us know about the incident. The worker he called over did satisfy his concern and he says he knows his vote counted. He was worried about the other elderly voters, that was there that day.

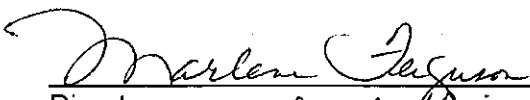

Response to the incident at the BOE: (completed by the BOE)

I spoke with Mr Clarence Arrington 11/3/12 at the Elections Office about this incident. He was not upset or hostile he just wanted to make us aware of the situation. He was very pleasant

He is having surgery Monday morning.

Recommendations to prevent such incidents in the future (completed by the BOE)
