This is suppression. This is not a small election. This is a Presidential election and the possibly most important of our lives. Voting should be made easy not hard.
This is absurd that you ware saying, not enough money, no grant, low turnout.
You know that these are national excuses for voter suppression.
The Board of Elections should be ashamed of its actions.

The three-member Board of Elections determines where one-stop early voting sites will be in Randolph County. Due to several factors, including a lack of local funding, a local of usual grant funding to pay for precinct officials, and a low turnout of voters in some areas, the Board determined the three best locations for the November 6, 2012 election.

North Carolina General Statutes require that "one-stop" early voting end on the last Saturday before the election.

So why only 3 places open for early voting?
Why no voting on Sunday before the election?

Thank you for your response.This is an important time in America and I like being a part of this event.I did find on the board of election wed site how to see when and where we have voted.But the lady at the registration deck was very unprofessional by her statement about my name being misspelled.She made sure that I knew my vote did not count when I questioned about my name being misspelled.I ask and hope in the future there will be workers in the election polls that will be a little more professional.

THANK YOU, RANDY MACON

Mr. Macon,

Thank you for letting me know your concerns. Let me offer some explanation of both of these issues.

I checked your voter registration in our records, and we do have your name spelled Randell. We must have typed it in error several years ago from your handwritten registration form, and we should have corrected it for you on Election Day. I have now corrected this in our system per your email.

There was a brief period of time when the ballot tabulator in Level Cross was not accepting ballots. This happens occasionally, and when this happens, we have a locked "emergency bin" in the ballot box where voters place their ballots. That is where your son was asked to put his ballot when he voted. We replaced that ballot tabulator with one that was accepting ballots. After the polls closed, the three precinct judges (which are a bipartisan appointed team) fed those ballots into the tabulator so they were counted among all the ballots cast on Election Day. That is the procedure set out by NC State election law and the NC State Board of Elections.

Please let me know if you have additional questions. Thank you.

Subject: Level Cross Voting Poll north carolina issues!!

I have a few concerns about the voting poll at Level Cross Community Center in Randolph County. First off when i was given my ballot to vote the lady said my name was spelled Randell instead of Randall (Randall Scott Macon) and I didn't understand that being i have been voting since 1992 and never had my name spelled incorrectly..
Then my son (matthew scott macon) comes home and says the lady at the ballot feeder machine told him to put his paper in the slot and not the feeder which made him question it , so he mentioned it to us when he came home and i told him we put ours in the feeder ... These two things concern me greatly...
